

PRODIGY

Smart Diagnostic System

XTOOL's first device with FREE online repair data access
Extensive Coverage of Euro, Asian and Domestic Vehicles
Type-C Modern Rapid Charging Technology
Support DoIP, CANFD, and J2534 protocols

PRODIGY is the first scan tool has repair informatics database, with a 13.3" FHD display and octa-core processor for fast performance. It comes with 8GB RAM + 256GB storage, dual Wi-Fi, and supports DoIP, CANFD, and J2534 for advanced diagnostics. Features include topology mapping, ADAS calibration, offline/online programming, and AutoAuth™ for FCA SGW access. With a 9600mAh battery, wireless charging dock, and PreSCAN & PostSCAN reports, it's a smart choice for professionals!
