# X100PADS EV

X100PADS EV is a comprehensive automotive key programmer and diagnostic tool, known as the "All-in-One EV Solution" for EV vehicle key programming. It supports anti-theft matching for both EV vehicles (BYD, Li Auto, NIO, XPeng, etc.) and mainstream gasoline cars, covering VIN coding, immobilizer matching, key programming, and special service functions including maintenance light reset, battery matching, and hidden feature activation.

## 98% VEHICLE COVERAGE

Supports anti-theft matching for EV vehicles (BYD, Li Auto, Leapmotor, NIO, Avatr, XPeng, etc.) and mainstream gasoline vehicles, with coverage exceeding 98% of vehicles on the market.

## PROFESSIONAL ANTI-THEFT FUNCTIONS

Offers professional IMMO features including VIN coding, immobilizer matching, key matching/deletion, ECU reset, remote matching, and pin code reading.

## MULTIPLE SPECIAL SERVICE FUNCTIONS

Supports a full range of special functions: maintenance light reset, ECU reset, steering/battery matching, TPMS reset, throttle matching, ABS bleeding, hidden function activation, EPB reset, DPF regeneration, and more.

## DOIP & CAN-FD PROTOCOL SUPPORT

Supports the latest DoIP and CAN-FD protocols, enabling faster maintenance, wider vehicle compatibility, and full code read/clear capabilities.

## KEY EV VEHICLE COVERAGE

### NIO

1st-gen anti-theft system (EC6, ES6, ES8) key matching (password-free)

### XPeng

1st-gen anti-theft system (G3, G3i, P5, P7, P7i) key matching (check pin code from third party)

### Li Auto

L6, L7, L8, L9 key matching (password-free); Li Auto ONE full series (password-free)

### Avatr

06, 07, 11, 12 key matching (password-free)

### Leapmotor

B01, B10, C01, C10, C16, Lafa5 key matching, NFC card matching (password-free, up to 2026 models)

### Deepal

Key programming for all models, including BT key matching, Bluetooth key matching (password-free, up to 2025 models)

### Voyah

Dream, Free, Chasing, Chaser key matching (password-free)

### Geely

Galaxy L6/L7/E8, Geely Monjaro, Geely atlas key matching (password query via third-party)

## SPECIFICATIONS

Product Name	X100PADSEV	Battery	2500, 7.2V
Operating System	Android 10.0	Memory	1GB RAM + 64GB ROM
Communication	Wired Connection	Camera	8MP
Operating Temperature	0°C ~ 40°C	Interface	Type-C
Dimensions	273.1 × 175.6 × 33.7 mm	Processor	Quad-core processor 1.5GHz
Display	7" 1024×600		

## SPECIAL FUNCTIONS
